NOAA, NESDIS
SARSAT OPERATIONS DIVISION, E/SP3
Federal Building 4, Room 0158
Washington, D.C. 20233

Item 1. Fifteen digit code contained on the manufacturer's label;
also known as the Unique Identifier Number (UIN) and usually
begins with the letters ADC.

Item 18. Possible information to be entered: fax number, vessel
descriptions if the EPIRB is to be used on multiple vessels,
and the like.

Item 19. Person who knows the vessel's itinerary, and may be contacted 24
hours a day. This is extremely important information for the
search and rescue forces.

Your registration will be entered within 48 hours of its receipt. You
should receive confirmation of EPIRB registration within two (2) weeks,
including a decal to be affixed to the EPIRB. If you do not receive
confirmation, please call NOAA at (301) 457-5678, or fax to (301) 568-8649.

Use the Change of Ownership/Registration Postcard below if ownership
changes or your registration information changes.

(Owner's)

**PRIVACY ACT STATEMENT: Solicitation of this
information is authorized by Parts 80 and 87,
Title 47 CFR. The information you furnish may**

assist search and rescue teams in locating your vessel in the event of beacon activation. Failure to register this 406 MHz EPIRB with NOAA could result in a monetary forfeiture being issued to the owner.

Public reporting burden for this collection is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to NOAA at the address below.
